Fox Typewriter!

The Privilege of Trial.

This has been a feature of the Fox Typewriter since its first inception. Our willingness to place a Typewriter on trial with anyone, anywhere, in competition with any other typewriter is evidence of the confidence we have in the superior construction of our machine.

We ask nothing better than to place the Fox Typewriter side by side with any other writing machine and court a comparison of its features one by one with the same features on any other machine.

We absolutely know that we accomplish all the ends for which a Typewriter is desired in a better way and with less effort than the same are secured on other machines and we like to prove it.

Won't you allow us to place a machine on trial in your office? At least send for our complete Catalogue.

ABOUT THE STATE.

Items of Interest Gleaned from Our Exchanges.

Gov. C. J. Bell has accepted an invitation to preside over the exercises to be held at Bennington Center Old Home day.

J. E. Wilder of Franklin died Thursday morning at 2 o'clock aged 70 years. Mr. Wilder was prominent in town and church affairs and was an extensive farmer.

Julia, the nine-year-old daughter of Mr. and Mrs. Charles Soule, of Bennington, was badly burned about the face and hands Monday afternoon, July 24, by pouring kerosene oil on live coals.

Mrs. Harriet Abell, of Enosburg Falls, who is 90 years old, is visiting her brother, B. H. Rice, who is 87 years old, in Enosburg, about six miles from Mrs. Abell's home. Both are in good health.

Frank Rowell's grocery store and meat market at Albion were broken into Tuesday night, July 25, and a quantity of canned goods and tobacco was taken out. There is no clue yet as to the perpetrator.

A spring has been found on the farm of William Kingston in South Northfield which is said to have medicinal virtues. It is mineral in its nature, and should it fulfill the expectations of the owner may prove to be very valuable.

The places of the twenty Italians engaged in laying the pipes of the Northfield village water works, who struck Wednesday afternoon for a daily wage of \$1.75, and a nine hour day, have been taken by men picked up in the village and vicinity.

Valuable Cows Killed by Lightning. Two valuable cows owned by Edwin S. Dunsmore, who lives on East hill, Northfield, were killed by lightning July 24. The cows were in the pasture near the barn. The lightning tore up the ground for two or three rods, throwing very large boulders from its path.

Carmon S. Brush, of North Cambridge, is the owner of a profitable sow. She is four years old and her litters of pigs have been as follows: First litter, five pigs; second, thirteen; third, fourteen; fourth, sixteen; fifth, fourteen; sixth, sixteen. The seventh litter came along July 4 and just to celebrate the day she had eighteen pigs, estimated at \$2.30 each. She has added \$205 to the income of the farm in the past three years.

Robert T. Lincoln, of Chicago, recently occupied "Hildene," his new summer residence at Manchester. One day last week a young bear cub was found in the woods near the house. Mr. Lincoln was offered the use of one of the old Burritt Bros' bear traps, "which has caught over 60 bears, a panther and a man." He declined, however, and said, "I am of the opinion that it would be rather better to encourage their propagation and then to invite President Roosevelt up here to go hunting."

Mayno Hoag, the 11 years old son of Mr. and Mrs. J. J. Hoag, met with a painful accident last Tuesday afternoon while the Hoag family were in camp at Long Point. The boy was in the hayfield following a mowing machine. The driver stopped the horses to oil the machine and when they started again the Hoag boy was directly in front of the knives. Before the horses could be stopped or the boy could get out of the way, the knives had cut the boy's heel severely. On examination it was found that an inch and a half of the flesh had been cut, with part of the bone. The boy was brought to Burlington Tuesday night and operated upon at the Mary Fletcher hospital. He is now resting comfortably and no serious results are expected.

PLAYGROUNDS FOR CHILDREN.

Improvements to Be Made on Manchester School Buildings.

Manchester, July 28.—The graded school buildings of Manchester are to be improved and altered during the present vacation. Work has already begun on the school-house at this village. A basement will be one of the new features. This will include a play room for

Bar Out Bugs and Insects!

While away for the Summer don't allow your home to be overrun by bugs and insects. These destructive pests find entrance to the most carefully kept homes, especially those unoccupied.

Kendrick's Insect Powder never fails to kill or drive away—and keep away—moths, bedbugs, roaches, fleas, flies, etc. Costs little to use, and to use it now costs less than to wait until you return to find your home invaded and damage done.

KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Propagates Dandruff Germs.

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the soles of these same men once become infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. Send the stamps for sample to The Herpicide Co., Detroit, Mich.

WHY LINE IS BUSY.

Telephone Test Shows Time Lost by Failure to "Ring Off."

St. Albans, July 29.—A recent service test of the Franklin County Telephone Co.'s exchange made without the knowledge of the operating force, revealed the fact that the average time from subscriber's call to operator's answer was four and eight-tenths seconds.

Disconnect with signal or average times from ring off to disconnection of line, six and five-tenths seconds. When subscriber failed to give the proper ring off signal at completion of conversation disconnection of line was increased to twenty-five seconds.

This difference of eighteen and five-tenths seconds represents the loss of time occasioned by failure of subscriber to ring off when through with line. Proper attention of telephone users to this important detail of the service would greatly lessen the "busy line" reports and as direct consequence further increase of speed of operation.

This same test shows that thirty-seven and five tenths per cent of calls were answered in less than three seconds and that the average time of called subscriber's answers to ring was only twenty-six seconds.

WOMEN WANT PROTECTION.

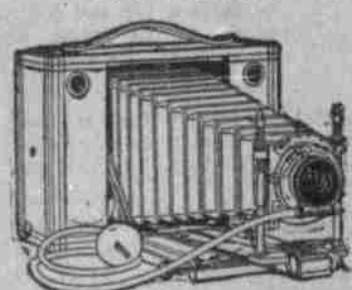

They Ask for a Night Policeman at White River Junction.

White River Junction, July 29.—In addition to the petition now in circulation among local business men asking the selectmen to retain Richard Hoar as night policeman after this month and to abandon their resolution to dispense with night police service at the end of the month, the women of the village are taking part in the matter. A petition setting forth that for the protection and safety of the women of the Junction who have to be out after dark in certain localities it is necessary that night police men should be on duty. The petitioners aver that since Mr. Hoar has been night officer the Junction is very orderly and it is safe for women to go on the streets after dark, and they desire this state of things to continue.

Forced to Starve.

B. F. Leek of Concord, Ky., says: "For 20 years I suffered agonies with a sore on my upper lip, so painful, sometimes, that I could not eat. After vainly trying everything else, I cured it with Bucklen's Arnica Salve." It's great for burns, cuts and wounds. At the Red Cross Pharmacy and Parlor Drug Store, Only 25c.
